

Conference 2010

The purpose of this conference is to bring together young women, female coaches, university students, university athletes and leaders in sport and physical activity for the purpose of enhancing the knowledge, attitudes and beliefs of young women regarding the role that sport and physical activity can play in their lives.

The conference will address some of the barriers that limit participation in physical activity and sport. We are encouraging all participants to pursue an active and ongoing involvement in sport and physical activity.

This conference will focus on the development of leadership skills to facilitate the involvement of young women in sport and physical activity.
