EXECUTIVE RESOLUTION 10/02/05
GIRLS BASKETBALL

- The following table indicates the schools that would be in each classification of girls basketball for the upcoming school year based on the enrollment numbers of September 30, 2009.
- The lists of schools are those who registered teams last year.
- Where joint sponsorships would cause a change in classification the two schools in the joint sponsorship have been indicated as well as their combined enrolments.
- Teams who had previously re-classified have been placed in the category in which their enrolment would place them.
    - Re-classifications would be annulled with a new classification system and teams wishing to reclassify would need to apply for a new three year period.
